As may be seen from the cloth tracing, the existing lane consists of a strip belonging to the school & a strip belonging to Mr A Saut. The staircase put up by the latter seems to encroach on the strip belonging to the school by 6 inches. The Town Improvement Committee & the Municipal President considered this a trivial matter.

The DG proposes to acquire the whole of the strip belonging to Mr A Saut for the school.

If this is done the staircase will have to be entirely removed &

The present boundary on Chickpet will be necessary for the location of a primary school for the convenience of the girls living in this thickly populated part of the City. The lane in question is kept very dirty and the staircase is a clear encroachment. Unless the lane is acquired, the filthiness of the place cannot be avoided.

BANGALORE

SIR

I have the honour to inform you that the old Taluk Cutcherri in the Bangalore City was sold to Mr Ahmed Sait of Bellary by the Municipality and a new building was put up on the same site after the demolition of the old structure In the course of pulling down the walls and excavating deep foundations for the new construction the wall of the Government Girls' School which was contiguous to the Taluk Cutcherri was damaged considerably and had to be replaced by a new wall This wall was set back a few feet leaving an open passage between the two buildings for light and ventilation for the Girls' School The necessity for the new wall for the Girls' School building having arisen through damage done to the old wall in the course of constructing Ahmed Sait's building it was arranged that a moiety of the cost of the new wall should be borne by Mr Ahmed Sait and accordingly

accordingly his quota of the cost was recovered and remitted to the Public Works Department There being a passage between the school building and Ahmed Buildings there have been encroachments frequently upon the School compound on the part of Mr Ahmed Sait and they were communicated on several occasions to the President of the Municipal Council Bangalore City but with no effect A copy of the notice given to the Sait by the Municipality is enclosed herein for information With a view to ensure the safety of the Girls' School by avoiding inconveniences from the neighbouring building the late Mr Weir proposed that the strip of ground not belonging to Government between the school and Ahmed Buildings should be acquired under the Land Acquisition Regulation and that the windows overlooking the court-yard of the school should be closed (Vide this office No 1776/113 of the 12th August 1910 to the General and Revenue Secretary to Government) Final orders on this reference have not been received Recently the Sait's coolies pulled down the wall that was erected by the Public Works Department at the northern end of the lane between the Girls' School and Ahmed Buildings On receipt of the Inspector's report on the matter the President of the Municipal Council was requested to have further work of the wall stopped A copy of his reply No 389 of the 15th ultimo together with a ~~copy~~ sketch sent by him is submitted herewith for reference In these circumstances I beg to propose that the strip of land marked yellow on the enclosed

plan

plan may be kindly ordered to be acquired under the Land Acquisition Regulation in the interests of the Girls' School A site plan sent by the President of the Municipal Council showing the extent of the Taluk Cutcherri sold to Mr Ahmed Sait is also submitted herewith for information

With reference to your D O dated the 1st July 1913 and letter No 356/56 dated 8-7-1913 I have the honour to forward herewith a sketch showing the lane between the Government Girls' School and the Ahmed Buildings in Chickpet

2 The area coloured yellow in the sketch is the property of Mr Haji Ahmed Sait having been acquired by him by purchase and that coloured red is the land belonging to the Girls' School It will be seen that Mr Ahmed Sait cannot be prevented from the use of his land in the lane in question

3 The wicket gate was allowed to be put up according to the arrangement originally agreed upon (please see your office records) when Mr Bhabha was the Inspector General to give access to the Stair case

4 To prevent outsiders trespassing into the School compound a cross wall was recently constructed by Mr Ahmed Sait at his cost irrespective of the fact that he has a strip of vacant land to the south adjoining his building and contiguous with the school compound

5 I should have consulted you before allowing Mr Ahmed Sait to make these alterations but I was led to understand that the wall in which the wicket gate is put up was constructed by the Municipality

This was an error which I much regret

With reference to your D O dated the 1st July 1913 and letter No 356/56 dated 8th July 1913, I have the -- honor to forward herewith a sketch shewing the lane between the Government Girls' School and the Ahmed Buildings in Chickpet

2 The area coloured yellow in the sketch is the property of Mr Haji Ahmed Sait, having been acquired by him by purchase and that coloured is the land belonging to the Girls' School It will be seen that Mr Ahmed Sait cannot be prevented from the use of his land in the lane in question

3 The wicket gate was allowed to be put up according to the arrangement originally agreed upon when Mr Bhabba was the Inspector General, to give access to the Stair case

4 To prevent outsiders trespassing into the school compound a cross wall was recently constructed by Mr Ahmed Sait at his cost irrespective of the fact that he has a strip of vacant land to the south adjoining his building and contiguous with the school compound

5 I should have consulted you before allowing Mr Ahmed Sait to make these alterations, but I was led to understand that the wall in which the wicket gate is put up was constructed by the Municipality This was an error which I much regret
